**it's more silent than other colour laser printers**

BLI lab test certified that CLX-3175 is the quietest printer in terms of vibration and average noise emissions.

**it's faster than other colour laser printers**

CLX-3175 print black-and-white document faster than other laser printers. This is important because approximately 70% of colour laser printer / multifunction printer printout is black and white.

**it's more compact than inkjet MFPs**

Footprint Comparison

415 x 360 x 311 mm. Small footprint saves precious space on your desk.

**it's more compact than other colour laser printers**

Volume Comparison

...with plenty of room left over...

Footprint Comparison

• CLX-3175FN 100%  
 • Competitor A 137%

415 x 360 x 311 mm. This powerful, compact and stylish colour laser printer was designed to fit into professional workspaces. Now even small professional businesses and home offices can enjoy the benefits and the impressive quality of to colour laser printing. At 415 x 360 x 311 mm this colour laser will fit on a desk or a shared workspace.

**it's more silent than inkjet MFPs**

BLI lab test certified that CLX-3175 is the quietest printer in terms of vibration and average noise emissions.

**it's more constant than inkjet MFPs**

CLX-3175 produce consistent colour printouts which is water-resistance and long-lasting, while inkjet printout is susceptible to water and humidity exposure and the images fades over time.
